## DIFFERENTIATORS

- The largest and oldest third-party government registration firm in the industry.
- Over 14 years of experience assisting businesses and nonprofits in engaging with the government.
- More than 300,000 successful SAM registrations submitted for clients, including major corporations like Amazon, General Electric, Chevrolet, Exxon, and Hewlett Packard.
- A full-service firm offering comprehensive support across registration, bid training, and direct access to federal opportunities through our Advanced Procurement Portal (APP).

## PAST PERFORMANCE

### SAP Clients - Yearly Service

The SAP simplifies the SAM registration and government DSBS profile setup, offering an online capabilities statement that includes past performance, testimonials, photos, and contact details. This program aids businesses in connecting with procurement officers by enhancing visibility with government buyers. By having your information readily accessible online, contracting officers can more easily review your qualifications.

- **Start Date:** 01/01/2024
- **End Date:** 01/01/2025
- **Value:** \$3,650

### Consulting Clients

The SAP simplifies the SAM registration and government DSBS profile setup, offering an online capabilities statement that includes past performance, testimonials, photos, and contact details. This program aids businesses in connecting with procurement officers by enhancing visibility with government buyers. By having your information readily accessible online, contracting officers can more easily review your qualifications.

- **Start Date:** 01/01/2024
